President's Notes

A huge thanks to Kitty Janiga and her crew of volunteers for a very successful Style Show. I am always amazed at the talent we have in the Guild and the garments were a show case for that talent. I was especially inspired by Klodzie Harper's handkerchief vest. I can make a vest for my sister, two nieces and myself with my Mother's hankies. Thanks again everyone.

Next event for the Guild will be the Auction. Be sure to bring your co-workers, neighbors and friends with checkbook or credit card in hand. There are wall hangings and bed quilts to suit any taste.

For those of us working on projects for the Auction we have about 60 days to get them done. When my bee started an Auction project last summer seemed like we had plenty of time but we'll be working till the September 10th deadline.

The Nominating Committee, Bernie Ferris, Dea Jae Shore, and Sylvia Jolet, will be calling and e-mails every Guild member. Please give consideration to saying yes to the following Board positions, President, 2nd Vice President for Newsletter, 4th Vice President for Services, 5th Vice President for Community Outreach and Secretary.

At the August program the mysterious "storage unit" will be reveled.

Janet Miller
President, GSAQG

A Rosebud to Barbara Sumlin for her Chairmanship of the Summer Retreat.

Bright Hopes

Once again Bright Hopes was gifted by those who volunteer their time, energy and supplies to make quilts and totes.

Last month I told you about the quilt angels - now I'd like to applaud the ladies who sew totes. When a child leaves the shelter some are given a tote bag to hold their new clothes, toiletries and books. The totes are a practical replacement for a plastic grocery bag some totes are fancy, some aren't, but all of them are special because they were made with love.

Thank you, Sharon

- Ability to use Desktop Publishing software.
- Ability to provide PowerPoint presentations at Guild meetings.

- Ability to take newsletters to Bulk Mail at the main post office.

The Guild will provide a laptop with all software that you will need. The projector used at the meetings is the Guild's. I will be happy to train whoever may be interested in this position. Any questions, ask Dea Jae Shore

Thanks

The Guild received two thank you notes this past month. Olga Calderon, founding member, wrote “We have come a long way baby. How true. Enjoyed visiting and remenicing with old and new friends. Thanks to Kris Thomson and Anne Blake for the ride to and from the May Guild meeting. Keep up the good work.”

The Leon Valley Historical Society thanked us for participating in the 2nd annual Pioneer Ice Cream Social. “Your presence added to the Pioneer atmosphere reminiscent of earlier times and helped creat an entertaining and educational experience for children and adults alike.”

I Want to Serve

The Nominating committee is looking for volunteers to fill the open board positions. This year we will need to fill President, 2nd Vice President, 4th Vice President, 5th Vice President and Secretary. Look in your directory on page 4 for the list of committees that serve under each position. Plus you can see the job descriptions on pages 36-38. Remember that you personally are not doing all

the jobs of the committees but instead you are overseeing these committees. There are plenty of hard workers that help with these jobs.

In addition to the guild meeting each month, there is a board meeting once a month also. Please think about volunteering for one of these positions. Call Sylvia Jolet at 497-3383 or Dea Jae Shore at 590-3013 or Bernie Farris at 695-4323.

GREATER SAN ANTONIO QUILT GUILD, INC. ETHEL Y. HOWEY GRANT PROGRAM

MISSION

The Greater San Antonio Quilt Guild has established a grant program in honor of a loved and esteemed founding member, Ethel Y. Howey, whose accomplishments and influence extended into the international quilt world. The grant is to encourage the pursuit of education in the study of quilt making and to recognize the importance of quilting in today's society as an art form, as an instrument of healing, as part of our legacy, and as a common thread which binds all in friendship.

The purpose of the grant program is to fund projects that will have long term impact on preserving the heritage and further the art of quilt making. - If recipient fails to fulfill requirements any advanced funds must be returned.
- Grant recipients are ineligible to reapply for grants for three years. Grant committee members are ineligible for grants while serving on the committee.

PROCEDURES AND DEADLINES

Pieces of the Past: Pincushions Ellen Hernandez

The first needles and pins were rare, expensive, and fragile, so they needed protection. In the 1300s, special cases to store them were made of bone, ivory and silver and called pin-poppets, tuffets, and pin keepers.

Pin pillows made of satin, linen and canvas were used by tailors by the end of the 16th century. Soon, the pin pillows were mounted on silver or wooden stands and small boxes. A

portable carrier, called the pinwheel, was made of a soft filler wedged between two circles of wood, ivory, mother-of-pearl or leather. The pins were pushed securely into the center.

By the 1850s, the price of steel fell and pins went into mass production. During the Victorian era, all sorts of knick-knacks were popular, including decorative pin cushions. As a social standard, pin cushions were 'inscribed' with messages for courting, marriage, births, and advertisement. Hundreds of pins were artfully arranged to spell out loving sentiments, names, and messages. Layette pillow pincushions spelling the child's name and date of birth or a short message were given after the birth because of the superstition

that they would increase the pain of labor: 'For every pin a pain' and 'More pins, more pain.' A popular piece of jewelry was a Nanny Brooch Pincushion which could conveniently hold pins commonly used to clasp clothing.

In the 19th and 20th centuries, pincushions were made of leather, porcelain, ivory, silver, and other metals. The stuffed portion was often covered with velvet. Larger cushions were

used for hat pins. Popular cushion shapes were any kind of animal, boats, baskets, boots, and slippers. The half-doll pincushion remains a collectors' item today. The porcelain upper body is often found intact while the fabric cushioned dress may have deteriorated.

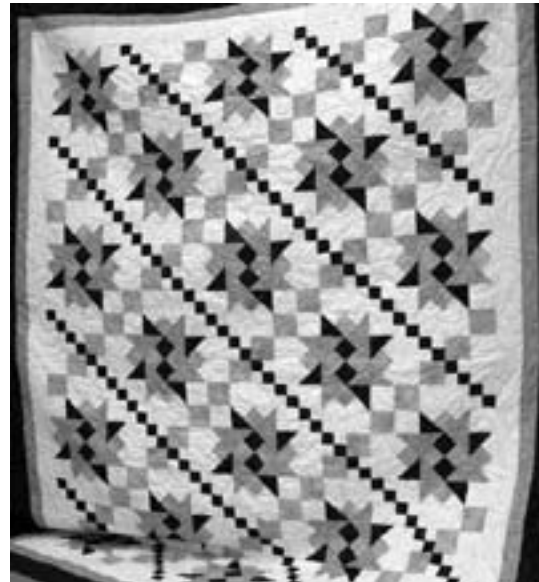

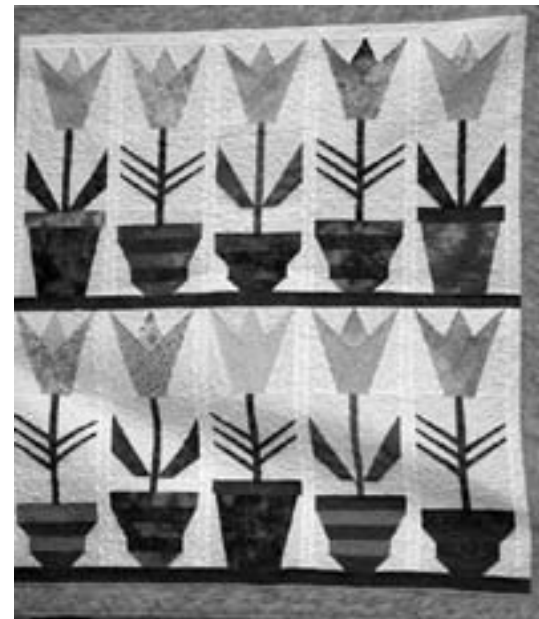

Ever wonder why the tomato pincushion is commonly seen? A popular legend in the mid 19th century was that a house would be blessed with good luck and prosperity if a tomato was put in the entryway or on the mantel. Since tomatoes were not found year round, the tomato shaped cushion stuffed with sawdust or sand was a simple substitute. It easily became an accessible pin cushion.

Did you know that the added little strawberry is filled with emery to sharpen and clean the pins and needles? Our ancestors were quite frugal with their sharps. Pincushions seem to be having a revival - even Martha Stewart has designed lots of patterns for them. Some knock her idea of using emery (which has to be specially ordered, of course) because pins today have improved. Look for thumbkin, soda bottle cap, and even eyeball shaped designs.
